REMARKS

The foregoing Amendment is submitted under Rule 312 (37 C.F.R. § 1.312). The following comments are included in accordance with Rule 111 (37 C.F.R. § 1.111).

In the Office Action mailed on October 13, 2000, the Examiner objected to the appendices in the present application as being improper. In the Amendment Under Rule 115 (37 C.F.R. § 1.115) filed on February 20, 2001, the Applicant agreed to amend the application to overcome the objection after an indication of allowable subject matter.

In accordance with the suggestion by the Examiner in the October 13, 2000 Office Action, the foregoing Amendment converts Appendices A and B into Tables I and II, respectively. Consequently, it is respectfully submitted that the objection to the specification has been overcome by the foregoing amendment to the specification.

The foregoing amendment merely corrects the form of the application. The amendment does not raise any new issue, require an additional search, or necessitate further examination of the application. Nor does entry of the amendment require a substantial

additional amount of work by the Examiner. Consequently, entry of the foregoing amendment is respectfully requested.

Respectfully submitted,
